Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner asked Mr. McKeown for clariflication of the remarks submitted on 1/25/2008. Mr. McKeown eplained how the claimed conflict attribute relates to combining auxiliary data items and program data whereas the claimed validity term and conditions relative to the assignment of rights relate to the combination of auxiliary data times with other auxiliary data items. Based on Mr. McKeown's clarification of the claim terms, the Examiner agreed with the arguments provided on 1/25/2008. The current rejection is withdrawn and either a notice of allowance or supplemental office action will be issued by the Examiner based upon an updated search. Also the Examiner clarified the office's position on statutory subject matter with respect to claim 195. No further action is required by the applicant at this time
